These violations can be punishable by fines, suspension or revocation of the ABC license.

Field Contacts

A field contact is when an agent engages a citizen and conducts a brief interview. When an arrest does not occur as a result of a field interview, agents report the stop in a “Field Contact” report. This report documents the reason for the stop as well as identifying information about the individual. Scrutiny of these types of encounters enables law enforcement executives as well as citizens to monitor police/citizen interactions to guard against biased-based policing practices.

These inspections are overt; the agent will inspect the premises for compliance with regulatory requirements, meet with the owner or manager to review business receipts and purchasing records, review previously submitted MBARs and answer any questions business employees may have about ABC laws and requirements.
